Land ownership and status on this map are depicted at section- or township-level resolution. Base map data, including hydrologic data, village and town locations, land status and boundaries, etc. are from geospatial data maintained by the Department of Natural Resources Support Services Division and Division of Oil and Gas. Base map data are in North American Datum 1983, Alaska Albers projection. The use of multiple data sets from varying sources may result in discrepancies in boundary alignments.

***Bidders are solely responsible for determining the availability of acreage prior to submitting a bid. Various state and federal restrictions apply to portions of the lease sale area. Refer to the 2013 Augustine Island Geothermal Resources Disposal Written Finding of the Director at <http://dog.dnr.alaska.gov/>.**
